Common Questions

What does our “start of care” process look like:

1. **Contact** our In-Home Care Administrator/Care coordinator.
2. **Schedule** your free In-Home Care Assessment, we take pride in providing you with a complete wellness assessment, to ensure your specific care needs are met.
3. **Create** a care plan with your Care Coordinator; our goal is to customize care to fit your unique needs and desires.
4. **Match**, we carefully pair you with your in-home care assistant, based on your specific needs.
5. **Start** your customized care schedule.

What makes our care staff the best?

All Care Professionals on duty are double background checked and HCA Certified. Our staff then thoroughly vets and trains all caregivers, to ensure that you are provided with the absolute highest quality of care in the Valley. All Care staff receive initial and annual online and hands-on training, along with continued education.

How is Compassionate Care In Home Care different from the others?

Compassionate Care In Home Care strives to deliver the highest quality of care. We consider all factors when providing you with the best home care aide, including interests, personalities, experience and services needed. The Compassionate Care Organization has been serving the Valley since 2003.

We ensure the highest quality of care by taking a concierge-like approach to all services provided. We provide continued support to all of our clients and care staff through regular visits, care plan adjustments and proper documentation to ensure up-to-date care.

Start your care by contacting me today, we look forward to the honor of serving you!
